## Agribusiness Management Option

Associate in Applied Science Degree

This Agribusiness program with a Management Option prepares students for management positions in agribusiness areas in production agriculture and to the related product service areas. Mid-management work requires that a person have the managerial skills necessary to organize and operate a business, with attention given to accounting, selling and management principles. This is an occupational program typically not designed to transfer; however, this program has been articulated to some senior institutions. Please contact a counselor for specific details.

**Designated as a Partnership for College & Career Success program.**

***First time degree seeking students must complete INST101, Success in College, as a requirement for graduation.***
