## Illinois Articulation Initiative (IAI)

Danville Area Community College is a participant in the Illinois Articulation Initiative (IAI), a statewide agreement that allows transfer of the completed Illinois General Education Core Curriculum between participating institutions. Completion of the transferable General Education Core Curriculum at any participating college or university in Illinois assures transferring students that lower-division general education requirements for an associate or bachelor's degree have been satisfied. This agreement is in effect for students entering an associate or baccalaureate degree-granting institution as a first-time freshman in summer 1998 (and thereafter). More information about the Illinois Articulation Initiative is available online at [www.itransfer.org](http://www.itransfer.org).

## University Transfer Agreements

Danville Area Community College has agreements in place with many four-year colleges and universities to facilitate the transfer of credits for students who intend to complete a bachelor's degree. Associate in Science and Arts and Associate in Engineering Science degree students who choose a course of study and transfer institution with the approval of an academic counselor, using established curriculum guidelines, may expect to complete a Bachelor's degree in a timely fashion. If there is a major/school anywhere in the United States that does not have a prescribed transfer plan, one can be developed for the student working in concert with a DACC advisor and the transfer school of choice.

A partial list of participating area universities includes:

- Bradley University
- Eastern Illinois University
- Eureka College
- Franklin University
- Illinois State University
- Indiana State University
- Northern Illinois University
- Purdue University
- Saint Mary-of-the-Woods College
- Southern Illinois University at Carbondale
- Southern Illinois University at Edwardsville
- University of Illinois at Chicago
- University of Illinois at Springfield
- University of Illinois at Urbana/Champaign
- University of Wisconsin-Plattsville
- Western Illinois University

This is not a complete listing of four-year colleges and universities to which a student may transfer from DACC.

## University Transfer Curriculum Guides

Specific transfer curriculum guides are in place for students entering some of the more popular transfer programs at the most admired four-year colleges and universities. DACC is unique in the creation of these guides to facilitate the transfer process for our students. These guides are available online at <http://www.dacc.edu/depts/stuserv/aac/cguides.php>. They are listed first by academic year, then by major, and finally by transfer school.

This is not a complete listing of available areas of study. The first two years of many baccalaureate programs can be completed at the community college level. If there is a major that is not listed, a transfer plan can still be developed between the student, the desired transfer institution, and a DACC advisor. For more information, contact a Counselor or Academic Advisor.

# University 2+2 Agreements

2 + 2 agreements, sometimes called capstones, allow a student pursuing a career degree (Associate in Applied Science) to transfer his/her credits to a 4-year institution in pursuit of a Bachelor's degree. Traditionally, career programs are not designed to transfer. Listed below are the programs that have active 2 + 2 agreements in place and the institutions that accept those credits.

## University Dual Admission Programs

Dual Admission to Eastern Illinois University is available to students planning to complete an Associate in Science and Arts (ASA) at Danville Area Community College and a baccalaureate degree at EIU. The Dual Admission Program (DAP) facilitates the transfer of students from DACC to EIU. Students who fulfill the requirements of the DAP Agreement are guaranteed acceptance to the University with full junior status.

## University Degree Completion Partnerships

University degree completion partnerships allow students to complete an Associate of Science and Arts (ASA) degree at DACC, and then transfer those credits to complete a Bachelor's degree either online or through university courses delivered on the DACC campus. Currently, degree completion partnerships exist with Eastern Illinois University, Franklin University (Bachelor's & Master's), University of Illinois-Springfield, and Western Illinois University.
