

In Tribute...

A gifted attorney, businessman, and community leader, Mr. Frank Brittingham believed in the power of education to change the lives of individuals and the circumstances of entire communities. He was a strong and generous proponent for higher education and the improvements it could make.

A gift from Mr. Brittingham's Estate now provides support for the DACC Presidential Scholarship program. DACC Presidential Scholars are selected from the top 15% of the area's high school graduating classes. Each scholarship provides full tuition and fees at DACC for two years, with a value of almost \$4,000. Through Mr. Brittingham's generous bequest, a fund has been established that provides ongoing resources for the second year of the Presidential Scholarship program.

Danville Area Community College and the DACC Foundation are grateful to Mr. Brittingham for his vision and commitment to education. His gift demonstrates the power of one person of vision to impact the lives and dreams of many. He has our sincerest appreciation and gratitude.
