

Agriculture, Forestry, Horticulture, Pre-Veterinarian Medicine

Baccalaureate Transfer Program at Danville Area Community College.

Students can complete the first two years (approximately 60 credit hours) of a bachelor's degree at Danville Area Community College. Typically, the first two years of a bachelor's degree consist of general education courses, the last two years are dedicated to major-specific coursework. Senior institutions do have various degree requirements. Therefore, it is necessary for transfer students to meet with an academic advisor or counselor when registering. Transfer students must also know their major and where they plan to transfer.

Tuition Savings:

Transfer students can save \$10,000 or more by starting their bachelor's degree at DACC. The estimated expenses for one year, including housing where applicable, is \$2,900 at DACC and anywhere from \$12,000-\$29,000 at other public and private colleges/universities in Illinois.
