Mission Statement discussion:

Board feels that it will need to be updated by adding these key elements:

- + Student learning
- + Diversity
- + More regional or even worldly feel as internet classes

Will need to have draft by end of this semester so that

- + The Board may review
- + DACC Employees may review at January In-service

May do some focus discussion on how to re-write at Oct In-service

Core Values discussion questions:

Are they still correct?

Do they apply to the current campus climate?

Do they need to change if the Mission Statement changes?

Or does the Mission Statement develop from Core Values?

Should Core Values be integrated into the new Mission Statement?

September 11th Plan:

Discuss data from 8/15/2007 survey

Look to see how people view the Mission Statement

Write 1-2 questions on the Mission Statement for October In-Service
