

**Higher Learning Commission
Follow Up Committee**

Meeting Date: September 28, 2007

Members in Attendance: Ernestine Darnell, Gail Morrison, Ann Muench, Craig Potter, Nancy Boesdorfer

Nancy distributed the first rough draft for the Follow Up Committee. Although only a couple of questions had been responded to in writing, it at least answered some of the other questions committee members had on length of responses, format, etc.

Discussion also included Challenge 6 (Developmental Ed), and information and data to support this challenge. Responses to this challenge, along with Challenge 2a (Technology Plan), may not be totally completed until we receive more information . . . but certainly can be responded to with the information we have so far. Suggestions were given on how that can be done.

The committee also added more information / dates to the detailed table of contents for Challenge 5. Nancy will e-mail the expanded detailed table of contents to both Jeff Rush and Cindy Parr-Barrett.

Upcoming Meeting Dates: The next meeting is scheduled for Friday, October 12 at 2:30 p.m.

Meeting Adjourned: 3:30 p.m.
