

DACC NCA-HLC Self Study
Operational Indicators
Committee Minutes
Dec. 6, 2007
2:30 p.m. -- CT 209

Present: Eric Simonson, Stacy Ehmen

Agenda/Objectives

Stacy Ehmen was the guest for this meeting. A review of requirements of the Institutional Snapshot was undertaken. As Director of Admissions and Records/Registration, she will be responsible for providing information for the two complete Fall semesters prior to the Spring 2009 HLC visit.

Information regarding the number of Applications, Acceptances and Matriculations, along with any required Standardized Test Scores is required. For our purposes DACC, matriculation involves applying, acceptance, and enrolling.

Stacy shared that she was actually the team leader for this part of the last self-study (back in '99). So this might be useful to us.

Stacy will provide us with Fall '07 information next February.

There were no other items discussed at this time. No time was set for the next meeting.
