

DACC NCA-HLC Self Study  
Operational Indicators  
Committee Minutes  
March 27, 2007  
3:00 p.m. -- CT 210

Present: Greg Holden, Becky Schlecht, Martha Zarate, Eric Simonson, Kathy Ridl

#### Agenda/Objectives

Copies of the BID's (Basic Institutional Data forms) from the Rich Mountain CC self study were handed out. We began to look at some of the differences between them and the guidelines for our Institutional Snapshot. One important difference is the fact that the BID's do not have a section devoted to overall budget information. This is embedded in other parts of the self study, presumably.

We decided to try to schedule the meeting next time at 4:00 instead of 3:00 so that Gail Morrison can go over the budget with us. Our Tuesday 3:00 time slot is not very compatible with her schedule.

We also looked at ICCB information regarding faculty salaries that is online. This is taken from the HR report that Becky submits every year. One thing that is not there that the institutional snapshot requires is faculty degree information. This, though, can be found in the board report. Briefly we looked at the one for 2005. The most recent one will be e-mailed to the committee.
