Danville Area Community College

2022 Institutional Effectiveness Report

Prepared by: Thomas Carey, Director of Institutional Research

January 2023

TABLE OF CONTENTS

DASHBOARD INDICATORS

Enrollment

	Credit Students	Credit F.T.E.	Non-Credit Students
FY2012	9,963	2,431	824
FY2013	8,556	2,238	966
FY2014	9,195	2,211	1,919
FY2015	8,222	2,059	1,901
FY2016	7,224	1,947	1,521
FY2017	6,472	1,753	1,787
FY2018	6,124	1,717	2,057
FY2019	5,931	1,695	1,992
FY2020	5,790	1,626	1,873
FY2021	4,074	1,345	1,295
FY2022	3,196	1,234	1,988

Student Loan Default Rates

Loan default rates have not been updated since COVID due to the pause in student loan payments.

DACC 3 Year Student Loan Default Rates, By Year of Student Exit

2009	17.1%
2010	22.1%
2011	18.2%
2012	16.6%
2013	17.9%
2014	15.1%
2015	14.3%
2016	15.0%
2017	12.2%
2018	9.1%

INTRODUCTION

The Danville Area Community College Report on Institutional Effectiveness serves as a platform for the college's assessment system, strategic planning, program review processes and indicators of achievement set forth by the college's Mission. The primary purpose of the plan is accountability and continuous quality improvement.

The college's Strategic Planning Matrix, participation in Achieving the Dream since 2009, and introduction of Illinois Community College Board's performance based funding all play important roles in the Danville Area Community College (DACC) Report on Institutional Effectiveness. Built on the premise that data-informed decisions lead to more efficient and effective institutional practices and increased academic achievement, the report serves as a data and information repository for planning, decision-making and overall growth of the college. DACC's Institutional Effectiveness Report is designed around DACC's Key Performance Indicators of Student Success, the Core Indicators of Effectiveness for Community Colleges from the American Association of Community Colleges, and customized indicators designed to meet the unique aspects of the college's Mission and Core Values.

The Institutional Effectiveness Report accomplishes the following objectives:

- Provides important information on how key institutional processes are linked at DACC – Core Indicators of Effectiveness, Departmental Planning and Academic Program Review.
- Details how measures of Student Satisfaction are used in the planning processes of the College.
- Demonstrates a plan for continuous improvement, using Core Indicators of Effectiveness.
- Outlines a plan for communicating the Core Indicators of Effectiveness and Student Satisfaction Measures to internal and external stakeholders.

For over a decade, Danville Area Community College has been committed to a culture of assessment and accountability within all departments and divisions of the institution. What started as an infrastructure for student learning has evolved into a data-informed decision-making campus with a strong student success agenda.

UPDATE: KEY PERFORMANCE INDICATORS OF STUDENT SUCCESS

Several years ago, the college created Key Performance Indicators (KPIs) of Student Success as part of its Achieve the Dream initiative. In 2019 the Data Team reviewed and revised the indicators. Revision was necessary as some of the indicators were very bulky, others contained information which might be too course or student specific, and still others were measures no longer provided by the state.

As part of the revision process, the student success indicators were classified into four successive categories:

KPI #1 Course Success and Retention – focusing on course success and the rate at which students return for follow up semesters
KPI #2 Persistence – focusing on student credit accumulation
KPI #3 Completion – focusing on graduation counts and rates
KPI #4 Transfer – focusing on transfer rates

Each of the seventeen indicators has four to six years of data trending performance either (1) externally, to a DACC peer group inside ICCB or (2) internally, between different racial/ethnic groups, genders, socioeconomic statuses, or other sub-populations. Each begins with a graph comparing overall performance, followed by a chart for those wanting more detailed information. ICCB Performance Based Funding Measures are included as six of the measures. Some of those measures are present in this report as well.

Due to COVID the data team was unable to continue meeting. Updates to KPI and other reports were still made and posted online. Post COVID a new Data Governance team has formed. This team is responsible for all data and data security decisions.

Student Progression: Term to Term Retention

Measure: Percentage of first-time, full- and part-time, degree-seeking students retained from fall tenth day to spring tenth day.
Data Source: DACC Institutional Research
Measure: Percentage of first-time, full- and part-time, degree-seeking students retained from fall tenth day to fall tenth day.
Data Source: DACC Institutional Research
Student Progression: Momentum Points

Measure: The percentage of Adult Education participants who achieved an Educational Functioning Level gain
Data Source: DACC Adult Education (program's level completion rate excluding ASE High)
Note: An Educational Functioning Level gain is approximately equivalent to a two-year grade level increase.

Student Progression: Developmental Course Success

Measure: The percentage of students who successfully complete developmental courses
Data Source: DACC Institutional Effectiveness

	FY2014	FY2015	FY2016	FY2017	FY2018	FY2019	FY2020	FY2021	FY2022

The aforementioned outcomes are core indicators used to identify college success and needs. These outcomes are connected to the "Core Indicators of Effectiveness for Community College," as described in an article of the same name by Richard Alfred, Peter Ewell, James Hudgins, and Kay McClenney; the Achieving the Dream goals, as represented by DACC's Key Performance Indicators; and the college's Mission, Vision, and Core Values. Ties to the first two are shown in the chart below.

	DACC Key Performance Indicator	Core Indicator of Effectiveness
Student Progression	3: Persistence 4: Developmental Advancement 5: Overall and Gatekeeper Course Completion 6: Momentum Points	2: Persistence (Fall to Fall) 12: Success in Developmental Coursework
Completion	1: Degree and Certificate Completion 2: Degree and Certificate Completion of At-Risk Students	1: Student Goal Attainment 3: Degree Completion Rates 6: Licensure/Certification Pass Rates
Transfer	7: Transfer to a 4-Year Institution 8: Transfer to a Community College	10: Number and Rate Who Transfer
Community Resource		7: Client Assessment of Programs & Services 13: Participation Rate in Service Area 14: Response to Community Needs

Through structural decision making committees, including Administrative and Expanded Administrative Council, Office of Instruction, Achieving the Dream teams, and Continuous Quality Improvement teams progress on these and other outcomes are shared so future college directions can be data-informed. These groups of individuals have been presented with a series to questions, prepared by Springfield (MO) Technical Community College, to better analyze the data before them through their own individual lenses. These questions include: Do you see a pattern over time? What is the main point? What story can you tell? What else do you need to know?

So the college can be better connected to the outcomes results, particularly those which are changing quickly or leading to internal change, many have been shared during in-service opportunities. This sharing often has involved looking further into the outcomes so that a deeper understanding can be shared by all.
