

# College for Kids

## Spring Fling

Spring College for Kids Camps 4 days  
4pm to 6pm (except band and guitar)  
\$65 per camp

### Pep Band

**T & TH, February 16-March 4 from  
4:00-5:15pm**

Do you play an instrument in school? Join the DACC Pep Band and practice the skills you've acquired. Learn basic pep band songs such as: GO DACC GO, Eye of the Tiger, Get Ready for This and more. Practice the songs under the director of DACC Pep Band Director Steve Meadows and Guido Esteves. Focus will be on reading music, listening skills, working together as a band. Ages 10-18

### DJ Mix-a-Lot

**M-TH, February 22-25 from 4:00-6:00pm**

Get your hands on a DJ mixer and learn how the professionals mix music. You'll also get a chance to record and mix audio sound files in the DACC Audio Control room. After camp is complete you'll move onto becoming a real DJ where you will have a chance to spin tunes during a DACC basketball game. Focus will be on creativity, focus, social interaction and listening skills. Ages 12-18

### Legos Robotics

**M-TH, February 22-25 from 4:00-6:00pm**

Get ready to build a powerful, super strong Lego robot ready to take on....your camp-mates. Your mission is to design, build, then program a robot that will dominate Bot-Wars, your friendly end of the week competition to see who has the best engineering skills to make their robot the Bot-Wars Champions. Focus will be on creativity, problem solving, logic, strategy, social interaction. Ages: 8-12

### Mini-Jaguar eSports

**M-TH, March 1-4 from 4:00-6:00**

Welcome to the world of competitive eSports. Did you know that DACC e-athletes compete remotely with other colleges around the country? It's the perfect socially-distanced competitive activity. DACC eSports has grown into a nationally recognized program as DACC is set to host the 1st Annual NJCAA NBA2K National Competition in April. Come check out the DACC eSports Lab while learning about eSports and compete against others. Focus will be on working as a team and social interaction. Ages: 10-14

### Broadcast Production

**T-TH, March 1-4 from 4:00-6:00pm**

Lights, camera, action - literally. Just like you've seen on YouTube. Produce a show starting with the scripts, reading from the teleprompter, directing the production, working the switch, audio control and graphics. Then take all your footage into post-production to create a program. Learn about every aspect in producing a show. Focus will be on creativity, listening skills and social interaction. Ages: 10-16

### Guitar for Beginners

**T & TH, March 9-25 from 4:00-5:15pm**

Learn the basic techniques - chords, rhythm, note reading, finger picking, scales, and music fundamentals - that will put a solid foundation under new players and be applicable to all styles of guitar music. Students will learn in a relaxed and fun environment. Must bring an acoustic or electric guitar with an amp. Focus will be on listening skills and social interaction. Ages 10-16

### Minecraft

**M-TH, March 15-18 from 4:00-6:00pm**

This camp challenges kids to imagine and create a comprehensive world in Minecraft. Campers will work together to plan a world around a theme, brainstorm what it should contain, then build the structures and environments of that world. Focus will be on collaboration, team building, creativity and problem solving. The level of knowledge of Minecraft is very flexible. Ages: 8-14

### Video Editing

**M-TH, March 15-18 from 4:00-6:00pm**

Anyone can shoot good video on their phones, but how about taking it to the next level and editing that video? During this week of College Camp you'll learn the basics of video editing. Lay your footage out in a timeline, add music overlays and graphics. You'll also be able to shoot video using green screen and put yourself on a sandy beach somewhere or perhaps on the streets of New York City. Have fun creating in the college's new Creative Studio. Focus will be on creativity, social interaction, listening skills. Ages 10-14

### Studio 101

**M-TH March 15-18 from 4p-6p**

Studio 101 is designed for the creative, and not so creative. Enjoy a week of masterpiece making in the DACC Art Lab. Each day will bring a new and different use of a medium. You will be taking home several projects that you create throughout the week. Come enjoy, bring your creative juices and have fun. Ages 13-17
