College Preparation

FREE! Understanding College Testing

This workshop has been developed for parents of high school students who are looking for answers about college entrance exams. The State of Illinois recently changed to the SAT requiring high schools to administer the SAT rather than the ACT. What does this mean for your student? Will colleges and universities still accept the ACT? Not sure about understanding scores and what the difference is between the two tests? What are the advantages of taking an ACT/SAT preparation class? Get the answers to all these questions and more.

Vegetables and Flowers for Fall Planting

We all love our spring planted gardens, but some would argue that the greatest excitement and satisfaction in gardening comes from the fall planted flowers and vegetables. After completing the fall clean-up of your garden, put it to rest by planting some flowers, vegetables and herbs. The cold winter months nourish and strengthen many sets and

seeds. Onions, garlic, leeks, parsnips, elephant garlic, lupines, poppies and some herbs should be planted in the fall in the Mid-Atlantic. This lecture will provide the 'how-to' for the vegetables, flowers and herbs that can be planted in autumn and that can survive the winter, planted in containers.

Tablet, What?

Are you curious what all the hype is about a tablet? This class will give you hand-ons experience with two different types of tablets—the iPad and Kindle Fire. You'll be shown all aspects of a tablet including what are apps, how to download them, and all the different types of apps available. Also, discover how easy it is to read books, watch a television program or movie, or listen to music. Come see if a tablet is something you would like to purchase.
