Leaders with solid foundational leadership habits for building productivity and strong working relationships. Participants learn and apply six Basic Principles, universal leadership guidelines. **March 5**

- **GIVING NEEDS-BASED FEEDBACK™**

Skill in giving feedback helps leaders support the internal motivation of employees to grow their knowledge and expertise. **April 2**

- **REALIZING TALENT IN OTHERS™**

Realizing Talent in Others™ helps leaders match the employee's natural need to demonstrate competence with the organization's need to succeed. Recognize the psychological needs of individuals, and incorporate leadership behaviors to support them. **April 16**

- **RESOLVING CONFLICTS WITHIN YOUR TEAM™**

Effective leaders understand the impact conflict can have on a team and put processes in place for dealing with it, either by intervening directly or helping team members resolve conflicts on their own. **April 30**

- **MANAGING YOUR PRIORITIES™**

Gone are the days of “doing more with less.” Today, we must “do everything with nearly nothing” and the new “as soon as possible” is “now.” No wonder priority management is itself a pressing priority! Traditional time management is no match for these challenges. **May 14**

- **OFFERING REWARDS & RECOGNITION™**

Offering Rewards and Recognition™ helps participants to use rewards effectively and to apply a simple process for offering recognition. The payoff of these skills is improved employee engagement, performance, and results. **June 4**
