Agribusiness Management Option
Associate in Applied Science Degree

This Agribusiness program with a Management Option prepares students for management positions in agri-business areas in production agriculture and to the related product service areas. Mid-management work requires that a person have the managerial skills necessary to organize and operate a business, with attention given to accounting, selling and management principles. This is an occupational program typically not designed to transfer; however, this program has been articulated to some senior institutions. Please contact a counselor for specific details.

First time degree seeking students must complete INST101, Success in College, as a requirement for graduation.

+Knowledge of keyboard or enrollment in BOFF 115 is encouraged.

** Choose BIOL 105, BIOL 150, or CHEM 100. CHEM 100 is prerequisite for AGRI 180 Introductory Soil Science.

* General Education.

See list of Human Relations requirements.

Enrollment in developmental classes may increase the length of time it takes to complete an associate degree.
